

Australian Sailing Delegate Report

S&S34 Swan River Racing Results in attachment.

Won by Colin Sanders Perie Banou III.

Well done by Rob Elliot Lockhart Individual for improving performance.

Interesting results from the last race from a handicappers point of view, with 1 min separating competitors on corrected time.

Out of interest, there are separate handicaps for Swan River Racing Series & Commodores Race. This ensures minimal participation in Swan River Series doesn't impact handicaps for Commodores Race.

Coastal Calendar not available so no date available for Commodores Race.

Swan River Racing Calendar not available so no dates available for 3 x Combined Clubs Div 2 races.

I wont be standing again as delegate again.

Australian Sailing WA has changed & there is no real reason for association delegates. Quarterly meetings are no longer run, only occasional information sessions throughout the year. However, monthly email updates are sent out to those on association contacts list, including other interested parties.

We will see you tomorrow.

Thanks very much...
